You Will Now Be Presented With The Regular Edit Deal Screen (just as you would if you had created the deal yourself)

6.) Edit The Deal As Required

Pay particular attention to 'Step 4' section where you will need to **add in your own Payment URL link**

Pay Link or JVZoo Code

Note: If a 'Custom URL' has been set by the deal creator, then this area will be locked and cannot be edited.

[In this instance, the original deal creator will be responsible for delivering the product /service to your customer.]

Important: You will however need to use the correct 'Pay Success URL' when creating your payment link. This can be found as normal on the deal detail page. (see 7 for info on this).

Additional Tip:

From the edit screen you can also modify the deal type settings. For instance changing a deal type from a Quantity based deal to a Date/Time based or Evergreen type deal...

Once you have completed any edits to the deal's settings you can proceed by clicking on the **'Save & Preview'** button at the bottom of the page.
